

Heed My Voice Bb

Gm F Gm Cm
 I once stood alone, the ancient sun's gone down. No place to call my home, no friends
 Dm Eb Bb Gm Dm
 were found. In silence I was searching for one small candle's light and untold hours
 Eb Bb Gm Eb F
 rehearsing my past forgotten life. But then I heard a message, his song.
 Bb Eb F Bb Eb Dm
 Heed my voice, my children. My time is finally here. Across the countless ages, it rings
 Eb Dm Eb Bb Gm Eb
 sweet and clear. I speak now to your day. Release to me your strife. There is no way but
 F Bb
 my way. Through me you will have life.
 Bb Eb F Bb Gm Dm
 For love unfeigned and forever is what I feel for you. I'll stand close by, together any
 trial
 Eb Dm Eb Bb Gm Eb
 we'll make it through. So when it's finally your day of tears and hurt and pain, come to
 F
 me, my children, I'll give you hope again.
