

In Love Me and You G

G C G C G C
Deep within my heart, a part of you resides. It helps me think about you when you're
D G C G C G
away. My solitude departs, I see the sparkle of your eyes in love that makes
C D Em D
me happy every day. When you are not there with me, my heart cannot sing right
 Em C D Am Em G
and laughter brings no comfort to my mind. I have to pause a second and think about our
 Am G
life. I remember you and then my song takes flight.

G C G C G C
I love you more now than the first time I said that I'd be true. Now in my heart I start
D G C G C G C
to realize we live our lives together in love me and you side by side forever
D
you and I.

G C G C G C
Sometimes I'm hard to bear and you're feeling all alone, when I don't return the love that
I
D G C G C G Am D
receive. I promise now to care, to give you all I own, anything to help you to believe

Chorus

(Bridge)

Em D Em C
Amy now you're married to me for the rest of our lives. Remember I will strive to be
there
D Am Em G Em
for you. We'll keep this love between us as husband and as wife so we can raise a loving
G
family, too.
