

## To be my Girl D

D F#m G D  
I looked out my window and thought I saw a star's light blaze into glory, then fade before  
F#m G  
my eyes. That night I felt you near me, you put your hand in mine. I smelled your sweetest  
D  
perfume, then I woke and said good-bye.

B E B E B E B E  
Oh Amy, what have you done to me? I need you to be my girl. Amy, you're always in my  
B E B F#  
dreams. You could complete my world.

E F# Abm F#  
Oh my dear, I need you so. Will you hear and let me know?

D F#m G  
I know it's hard, this finding just what we think is real. My heart keeps on reminding me, I  
D F#m G  
need your love to feel. We'd have such fun together, our lives have just begun. Give me  
D  
forever, Amy, our two hearts would become one.

Chorus

(Bridge)

Ebm Ab Ebm Ab  
If you're ever standing alone or in darkness and feel that you've lost your way, and the  
Ebm Ab F# Ab  
world's closing in, cold and heartless, then know I'll be with you that day.

E F# Abm F#  
Just because I need you so, think of love and let me know.

D F#m G A D  
Amy, you are my love, my life, and I will always love you.
